

WEST SIDE REUNION

Saturday, April 29, 2017

9 AM to 5:00 PM West Side Logging & Mining Reunion

Elks Club, Sonora, CA

A full weekend of activities oriented to the railroads in and near Tuolumne County

Friday Afternoon – Ride on Patrick Karnahan's Table Mountain Railroad and BBQ

Saturday – West Side Logging Modelers Convention, Elks Club, Sonora

Sunday – Sierra Railway Historical & Modelers Seminar, Senior Center, Sonora

Planned Saturday Activities

West Side Logging & Mining Reunion:

Clinic Presentations, Slide shows/Videos, Large Vendor Area, Contest, Door Prizes, Fellowship, free Coffee in the morning, Refreshments Available

West Side Logging & Mining Reunion:

This is the 30th year for this seminal West Side Reunion. The 2017 edition will have all the things so many have come to enjoy over the years. Free coffee until noon. A light lunch will be available for a nominal charge and the day will be filled with a chance to meet with others of a shared interest, sit in interesting presentations, participate and vote in the contest (those bringing a contest entry or a show & tell model will receive an additional door prize ticket) and shop in the vendor area.

Registration for this event is \$25 dollars if paid in advance, at the door \$35. Vendor tables are \$35 each and include one admission. Vendors providing Door Prizes of a value greater than \$35 will have their table fee waived. Individuals may want a table to sell your excess items.

Those pre-registering can visit Patrick Karnahan's Table Mountain Railway (7 ½" ride on) and participate in a BBQ on Friday but you must pre-register for West Side Reunion and/or the Sierra Seminar and then let Frank Markovich know you will be there Friday afternoon by April 21, 2017.

Tentative program highlights:

Jim Blain – New Video

Joel Bragdon - Scenery

Joe Piazza –Part 2, West Side Lumber Company Vehicles/Equipment (1935-1954).

Dave Connery – Lumber Shipments from the West Side, 1926-1929

New for the Contest this year: Best in Show - Model Award

Registration Form on reverse!
